the applicant for the loss or damage to the chattel or real estate.

(e) EM loan funds may not be used for physical loss purposes unless:

(1) The physical property was covered by general hazard insurance at the time that the damage caused by the natural disaster occurred. The level of the coverage in effect at the time of the disaster must have been the tax or cost depreciated value, whichever is less. Chattel property must have been covered at the tax or cost depreciated value, whichever is less, when such insurance was readily available and the benefit of the coverage was greater than the cost of the insurance; or

(2) The loan is to a poultry farmer to cover the loss of a chicken house for which the applicant did not have hazard insurance at the time of the loss and the applicant:

(i) Applied for, but was unable to obtain hazard insurance for the chicken house;

(ii) Uses the loan to rebuild the chicken house in accordance with industry standards in effect on the date the applicant submits an application for the loan;

(iii) Obtains, for the term of the loan, hazard insurance for the full market value of the chicken house; and

(iv) Meets all other requirements for the loan.

(f) EM loan funds may not be used to refinance consumer debt, such as automobile loans, or credit card debt unless such credit card debt is directly attributable to the farming operation.

## § 764.354 Rates and terms.

(a) *Rates.* (1) The interest rate is the Agency's Emergency Loan Actual Loss rate, available in each Agency office.

(2) The interest rate charged will be the lower rate in effect at the time of loan approval or loan closing.

(b) *Terms.* (1) The Agency schedules repayment of EM loans based on the useful life of the security, the applicant's repayment ability, and the type of loss.

(2) The repayment schedule must include at least one payment every year.

(3) EM loans for annual operating expenses, except expenses associated with establishing a perennial crop that are subject to paragraph (b)(4), must be re-

paid within 12 months. The Agency may extend this term to not more than 18 months to accommodate the production cycle of the agricultural commodities.

(4) EM loans for production losses or physical losses to chattel (including, but not limited to, assets with an expected life between one and 7 years) may not exceed 7 years. The Agency may extend this term up to a total length not to exceed 20 years, if necessary to improve the applicant's repayment ability and real estate security is available.

(5) The repayment schedule for EM loans for physical losses to real estate is based on the applicant's repayment ability and the useful life of the security, but in no case will the term exceed 40 years.

## § 764.355 Security requirements.

(a) EM loans made under § 764.351(a)(1) must comply with the general security requirements established at §§ 764.103, 764.104 and 764.155(b).

(b) EM loans made under § 764.351(a)(2) and (b) must comply with the general security requirements established at §§ 764.103, 764.104 and 764.255(b).

(c) Notwithstanding the requirements of paragraphs (a) and (b) of this section, when adequate security is not available because of the disaster, the loan may be approved if the Agency determines, based on an otherwise feasible plan, there is a reasonable assurance that the applicant has the ability to repay the loan provided:

(1) The applicant has pledged as security for the loan all available personal and business security, except as provided in § 764.106;

(2) The farm operating plan, approved by the Agency, indicates the loan will be repaid based upon the applicant's production and income history; addresses applicable pricing risks through the use of marketing contracts, hedging, options, or other revenue protection mechanisms, and includes a marketing plan or similar risk management practice;

(3) The applicant has had positive net cash farm income in at least 3 of the past 5 years; and

(4) The applicant has provided the Agency an assignment on any USDA program payments to be received.

(d) For loans over \$25,000, title clearance is required when real estate is taken as security.

(e) For loans of \$25,000 or less, when real estate is taken as security, a certification of ownership in real estate is required. Certification of ownership may be in the form of an affidavit which is signed by the applicant, names the record owner of the real estate in question and lists the balances due on all known debts against the real estate. Whenever the Agency is uncertain of the record owner or debts against the real estate security, a title search is required.

**§ 764.356 Appraisal and valuation requirements.**

(a) In the case of physical losses associated with livestock, the applicant must have written documentation of the inventory of livestock and records of livestock product sales sufficient to allow the Agency to value such livestock or livestock products just prior to the loss.

(b) In the case of farm assets damaged by the disaster, the value of such security shall be established as of the day before the disaster occurred.

(6) The applicant's circumstances may not permit continuous operation and management of the farm; or

(7) The applicant, the farming operation, or other circumstances surrounding the loan are inconsistent with the authorizing statutes, other Federal laws, or Federal credit policies.

(c) *Overtake of an Agency decision by appeal.* If an FLP loan denial is overturned on administrative appeal, the Agency will not automatically approve the loan. Unless prohibited by the final appeal determination or otherwise advised by the Office of General Counsel, the Agency will:
